

## **How to Use the Ulster County Parcel Viewer**

The *Ulster County Parcel Viewer* is a useful tool that can be used for identifying neighbors when complying with the *Ulster County Neighbor Notification Law* that requires advanced notice of certain pesticide applications to occupants of neighboring dwellings with abutting property lines.

One common concern is that some people do not know who their neighbors are or how to get in touch with them. The solution is....

The Ulster County Parcel Viewer, on the Ulster County website, offers easy identification of properties and the names and addresses of owners, within any buffer zone desired.

### **Here are the steps:**

1. Go to <http://gis.co.ulster.ny.us/>
2. Search by the owner's LAST NAME you are looking for.
3. The application will bring up all properties, in Ulster County, owned by people with the last name you searched for.
4. Check the box at the bottom that corresponds with the specific owner you are searching for (the right first name and property address).
5. Wait for the system to highlight the parcel (it will appear on the screen with the Section Block and Lot #).
6. Click on the tab above the names at the bottom that says "Buffer Highlighted".
7. Enter 150 feet and hit submit.
8. The system will show you the map, with the parcel and buffered properties highlighted.
9. All of the names and addresses of the owners of the buffered (abutting required by notification law) properties appear at the bottom of the page.
